Whitening

Salient Features

- THIO-C is a unique blend of L-Glutathione (a master antioxidant) and Vitamin C, which are required by the skin for natural rejuvenation and revitalization
- Aside from its whitening and anti-aging benefits, THIO-C is also said to be beneficial for diabetic patients with fatty liver
- THIO-C boosts your immune system, enabling the body to fight off free radicals and preventing further damage at the cellular level, which causes skin aging
- THIO-C is paraben free and has no added fragrance, therefore completely natural

Benefits

- Gently lightens uneven skin tone and discoloration while revitalizing and restoring the youthful vibrancy of your skin
- With continued use, skin becomes visibly lighter, smoother, and blemish-free
- Reduces the skin pigmentation and helps in moisturizing the skin
- Improves the skin complexion, give lighter, brighter and flawless skin
- Gives lighter and flawless skin
